"Teaching my students has never been so much fun and seeing how much they have learned has been such a rewarding experience!"

DANA F.
TEXAS

The summer months are important **NOW more than ever** for children to bridge learning gaps and ensure a smooth transition to kindergarten! Frog Street offers multiple programs to help children stay engaged and actively learning, both in the classroom and at home.

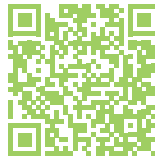

Frog Street Kids' Club • Club de niños

Kids' Club is ideal for a summer school program, end-of-year review, intervention support—and offers engaging, creative activities to make learning fun!

Packed full of fun and adventure, the Frog Street Kids' Club • Club de niños four-week thematic unit includes:

- A focus on key literacy and math skills needed for beginning kindergarten
- Integration of science, social studies, physical development, and more
- Conscious Discipline® strategies for social-emotional development

NEW FEATURE: All of the components in Frog Street Kids' Club • Club de niños will be available in digital format on the Frog Street portal (teacher guide, books, posters, vocabulary cards, letter cards, story folders, patterns, and listening book library) to support virtual instruction and reinforce learning at home.

Family Learning Fun Backpacks

[Learn more](#)

Family Learning Fun Backpacks offer highly-interactive, age-appropriate resources to encourage family members to be a child's best teacher! Included in each backpack are Family Engagement Books, Literacy and Math Activities, Photo Activity Cards, Pattern Block Puzzles, Rhyming Cards, Writing Journal, Frog Counters, Pencils, Crayons, and more—plus a convenient Frog Street string backpack for easy transport and storage!

ABCMouse® Learning Activities seamlessly align with Frog Street's research-based curriculum and offer early learners over 11,000 highly engaging digital learning activities and online practice with essential skills, creative problem solving, and self-guided instruction. Accelerate academic growth in your early childhood program by adding the award-winning and research-validated ABCmouse.com!

Empowering Families

Empowering Families seeks to educate and inspire parents to embrace the learning that starts in the classroom—and reinforce the learning at home. This program includes parent-friendly teaching strategies to reinforce learning after school hours. The bilingual program includes 70 Early Literacy Take-Home books with tips and ideas for interactive and purposeful reading strategies.
